

## Specific objectives

- Establish an OER framework for fostering technology enhanced learning (TEL) within HE institutions and life-long learning within enterprises in WB countries, develop and implement guidelines and procedures for quality assurance of OER according to EU practices at national level in WB beneficiary countries
- Provide training for relevant members of HE institutions and enterprises responsible for production of OER materials by qualified OER trainers thus enabling them to initially populate BAEKTEL with resources from the domains of ICT, geoinformatics, mining and environmental protection
- Produce course materials in various languages, both in video and audio format and in written form as parallel (multilingual) corpora of lessons and texts, supported by electronic terminological resources, services, and functionalities for searching and browsing of terminological resources and using them for text annotation

## Project summary

The wider objective of this project is to foster partnerships between higher education (HE) institutions and enterprises by blending academic and entrepreneurial knowledge within BAEKTEL, an OER (Open Educational Resources) network, where course materials by HE institutions and best practice examples by enterprise experts will be published in different languages, ultimately promoting the concepts of life-long learning and virtual mobility.

## Expected outputs and outcomes

Blending academic  
and entrepreneurial knowledge  
in technology enhanced learning

## Project Consortium

Organisation Name	Acronym	City
Università degli Studi della Basilicata	USB	Potenza, Italy
University of Belgrade	UB	Belgrade, Serbia
University of Kragujevac	UNIKG	Kragujevac, Serbia
University of Nis	UNI	Niš, Serbia
University of Banja Luka	UBL	Banja Luka, BiH
University of Tuzla	UNTZ	Tuzla, BiH
University "Mediterranean"	UNIM	Podgorica, Montenegro
University of Ljubljana	UL	Ljubljana, Slovenia
Technical University, Iasi	TUIASI	Iasi, Romania
NIS - Gazprom Njft	NIS	Novi Sad, Serbia
ArcelorMittal Prijedor	AMP	Prijedor, BiH

### Work packages

- W.P. 1 Analysis and review of Open Educational Resources (OER) principles and practice
- W.P. 2 Establishing a framework for OER development in WB PC
- W.P. 3 Development of BAEKTEL infrastructure
- W.P. 4 Development of initial domain specific OER content repositories
- W.P. 5 Quality control and monitoring
- W.P. 6 Dissemination
- W.P. 7 Sustainability
- W.P. 8 Project management
